DENOG 9 | Darmstadt | 23 November 2017

# Over 20 NOGs in Our Region

**New NOGs:**

ALNOF  
NONOG  
PTNOG  
GRNOG  
RONOG  
iNOG

# What We Do for NOGs

- Speakers (RIPE NCC staff or others)
- Sponsorship
  - Venue, catering, social events, etc.
- Expertise
  - From running RIPE for almost 30 years
  - From contacts with many local NOGs
- Connection with other NOGs

# NOG Pages on RIPE Labs

- Platform for local NOGs
- Map with all NOGs and links to more info
- NOG meeting calendar
- Experience reports from other NOGs

## Network Operator Groups

— History

Network Operators Groups worldwide

## RIPE Labs Articles about Network Operator Groups

### The First Iranian NOG - IRNOG1

IRNOG is one of the youngest network operators groups. We organised our first meeting earlier this year and we are looking forward to work with other NOGs worldwide.

### Experiences from NLNOG Day 2017

The Dutch Network Operators Group had its annual conference on 8 September 2017 in Amsterdam. I was there to collect feedback about RIPE NCC services, talk about increasing diversity, organising hackathons and cross-connecting between communities.

## How the RIPE NCC Can Help Network Operator Groups

The RIPE NCC provides funding through sponsorship for local NOGs and has sent staff to speak or attend at a wide range of local community events in our service region. We believe that these efforts bring great value for the Internet community, as it helps the community in each country to develop in its own way while at the same time bringing a more regional or global viewpoint that can inform that local community.

# What Can You Do?

- Exchange experiences
- Recommend speakers
- Attend other NOGs when possible
- Or follow them remotely
- Help fellow NOGs to spread the word

# Next Steps

- More resources on NOG pages
  - “How to set up a NOG”
- Sharing tools with NOGs
- Strengthen relationship between NOGs and RIPE
  - Regular reports at RIPE meetings
  - Provide slides for NOGs to report from RIPE meetings
